

## URBAN TOUR +

Cyclists can now safely navigate cities with our Urban Tour + tire thanks to its anti-puncture technology and innovative design that combines performance and grip.

To find out more visit: [www.hutchinsontires.com](http://www.hutchinsontires.com)

## TECHNICAL FEATURES

- Grooves on the tire tread provide a better grip on wet roads.
- Treated with a one-millimeter Protect'Air or a five-millimeter Protect'Air + tire sealant.
- Available with lateral reflective bands to improve safety at night.
- Its semi-slick tread is ideal for cities.

## BENEFITS

- Durability
- Safety
